## pc-2mb-3

rib caps optional - loose if supplied

cricket or diverter optional

## pate metal building curbs

## standard construction

Heavy gauge AZ-55 Galvalume steel shell, base plate and diverter, continuous welded corners, seams painted with rust inhibitive primer, closed cell foam gasket at top, 1-1/2" thick rigid fiberglass insulation. Standard construction includes roof pitch and design to conform to building manufacture's panel. Butyl tape furnished with curb. All curbs are internally reinforced in larger dimensions.
